

Kid-Man®

Positioning aids & pillows

Positioning aids for everyday care & rehabilitation

Kid-Man® positioning aids support comfort, stability and pressure relief for children and adults in any care or rehabilitation setting.

- **Versatile positioning** - suitable for supporting the head, back, arms, legs and other body areas in different lying or sitting positions.
- **Reliable support** - high-quality HR foam and carefully selected fillings provide stable support and help maintain shape during regular use.
- **Made for daily care** - suitable for home care, rehabilitation, hospitals and long-term care facilities.
- **Made in Lithuania** - in a foam manufacturing company that focuses on consistent quality and durability.
- **Hygienic & easy to maintain** - protective covers are designed for demanding care environments and offer features such as breathability, fluid resistance, flame resistance and high-temperature washing.

Easy-care removable cover

Fluid -
resistant

Flame -
retardant
